After post-graduate studies, he worked as an economist for the General agreement on customs rates and trade, precursor of the World Trade Organization, as president of the Swiss Bank Corporation. [23] [26] The foundation of the Institute for Libertã and Democracy De Soto returned to Peru on behalf of investors of the Placer d'Oro in 1979. On the return of Soto in 1979, he met Friedrich Hayek, a supporter of the free market that contributes to Create the Mont Pelerin Society. [27] Hayek, who tried to promote neoliberalism through a network of "second -hand merchants", choosing De Soto. After making the connections with Hayek, De Soto knew Sir Antony Fisher, a British businessman who created the Atlas Network, a group of non-profit freedom umbrella who has consolidated funds and research from businesses in the United States and in Europe to created the institute for freedom and democracy (ILD) in 1981, one of the first neoliberal organizations in Latin America. [5] Others have nicknamed de Soto convinced then-president Fujimori to travel to New York City in a meeting organized by the Peruvian Javier PéÂrez de CuéÂllar, secretary general of the United Nations, where they met with the heads of the International Monetary Fund, the World Bank, and the International Monetary Fund, the World Bank, who convinced him to follow the guidelines for economic policy set by the international financial institutions. [8][30] The policies included a 300 percent tax increase, unregulated prices and privatizing two-hundred and fifty state-owned entities.[8] The policies of de Soto caused macroeconomic stability and a reduction in the rate of inflation, though Peru's poverty rate remained largely unchanged with over half of the population living in poverty in 1998.[6][8][31] Peru would not see increased growth until the 2000s commodities boom.[32][33] University of Chicago political scientist Susan C. Stokes believes that de Soto's influence helped change the policies of Fujimori from a Keynesian to a neoliberal approach. [citation needed] De Soto also inspired Fujimori santi-drug initiatives. [23] The Cato Institute and The Economist magazine have argued that de Soto's policy prescriptions brought him into conflict with and eventually helped to undermine the Shining Path (Sendero Luminoso) guerrilla movement. By granting titles to small coca farmers in the two main coca-growing areas, they argued that the Shining Path was deprived of safe havens, recruits and money, and the leadership was forced to cities where they were arrested. [34][35] Attacks were launched against the ILD and de Soto in light of the statements by Shining Path was deprived of safe havens, recruits and money, and the leadership was forced to cities where they were arrested. the Washington consensus, a series of ten economic prescription requirements established by the International Monetary Fund (IMF), the World Bank and the United States to see De Soto's arguments as a way to promote consent. [16] The English economist John Williamson, who contains the term trade (NAFTA) agreement at the time of his signature, De Soto expressed support for the Board of Directors of the International Monetary Fund and the World Bank Group on September 27, 1989, President George H. W. Bush - who had adopted De Soto's work for the United States foreign 15 years or so. "Until this knowledge system is repaired," he wrote, "neither US nor European capitalism will recover."[76] In another series of articles that appeared in US and Europe in 2011, de Soto used the findings of ILD field research in Egypt, Tunisia and Libya to make his case for "the economic roots of the Arab Spring."[77][78][79] The ongoing Arab revolutions, he argued, were "economic revolutions lrehsiff vnotna htiw tneps i sraey eht gnirud" gniruds" 411[."tnemevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htiw ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htiw ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htiw ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htiw ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htiw ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htiw ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htiw ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen eht rof tessa lufesu vrev a otni otoS ed demrofsnart" dnuorgkcab sih taht gnitats llehctiM htim ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen entry a otni otoS ed demrofsnart llehctiM htim ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen entry a otni otoS ed demrofsnart llehctiM htim ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen entry a otni otoS ed demrofsnart llehctiM htim ton Sag od ed yb msimelreprepilo Fo noitotorp eht ]411[."themevom larebiloen entry a otni otoS ed demrofsnart llehctiM htim ton Sag od ed yb msimelreprepilo Fo noitotorp entry a otni otoS ed demrofsnart llehctiM htim ton Sag od ed yb msimelreprepilon entry a otni otoS ed demrofsnart l Kofi Annan ¢Ã "Hernando de Soto is absolutely right, that we need to rethink how we capture economic growth and development"[136] ¢Ã and Javier PéÂrez de CuéÂllar ¢Ã "A crucial contribution.
